International conference on

Emerging Areas in Biosciences and Biomedical Technologies-2 (eBBT-2)

February 7-9, 2020

Indian Institute of Technology (IIT) Indore, India

About IIT Indore

IIT Indore located at Indore, Madhya Pradesh, is one of the new Indian Institutes of Technology (IIT) established by the Ministry of Human Resource Development (MHRD), Government of India in 2008-09. IIT Indore has shown relentless effort in providing best platform for education as well as research in several areas of science and technology. Within 10 years of its foundation, IIT Indore debuted into top 500 universities in Times Higher Education World University Rankings. Currently, it is ranked at 351-400 among global universities, 50th among Asian universities, and holds 2nd rank across India.

The Discipline of Biosciences and Biomedical Engineering (BSBE) focuses on Interdisciplinary research by applying engineering principles to further enhance knowledge and applications in the field of biology and biomedical engineering. The BSBE group aims to be internationally recognized in bio-related research and aspires to create an ambience for the smooth pursuit of scholarly activities in research and training, leading to novel innovations, in addition to carrying out fundamental studies in life sciences.

About the eBBT-2 conference

The eBBT-2 conference focuses to bring together a group of researchers/faculty/experts from academia and industry working in interdisciplinary areas of biosciences and biomedical engineering to discuss recent progress in these areas as well as share ideas on open questions. The scientific program will witness an interesting display of dynamic talks, exhibitions, industry academia interactions and an interactive poster session. We encourage participation of students, postdocs, faculty members and industry professionals to explore networking opportunities.
